

NHDSA GRANTS

Organizational grants are given to nonprofits who are in line with our mission. Approval of the application is at the discretion of the Grant Committee. Awards will be granted quarterly, but will be limited per quarter.

New Hampshire Down Syndrome Association provides financial assistance for individuals with Down syndrome to participate in extracurricular activities such as: recreational activities (dance, camps, music etc.), extra therapies, educational expenses, educational materials (iPad, iPad apps, reading programs etc.), activities that support inclusion into the community and activities supporting independence of an individual with Down syndrome. We will also provide financial assistance for medical expenses and/or related expenses to a hospital stay not covered by private or state insurances. Grant monies will be sent directly to the program (invoice required), reimbursed with a paid receipt, or where there's a need to purchase a resource, a gift card at the discretion of the Grant Committee.

For us to be able to provide all these wonderful services and enable us to do more in the future, we need the support of our members. Volunteering is essential for the growth of NHDSA. There are many areas in which you can help: Winter Carnival, Buddy Walk, and Golf Tournament etc.... Please consider giving back so others can receive.

Attached you will find the grant application:

New Hampshire Down Syndrome Association
